### About

Jelte immediately stands out due to his beautiful dark brown dun color, amazing forelock, and Njal markings. Jelte was approved in The Netherlands with a 9 for breed type and as a 3-year-old he earned an A for his driving test. Since then, Jelte has had a tremendous impact on the fjord horse population in The Netherlands and beyond. He has sired two approved stallions: brown dun Olaf SH (Jelte x Hayo) and grey dun Olaf (Jelte x Kventin). Jelte has a very sweet disposition and great work ethic. He was shown very successfully in dressage in The Netherlands.

We imported Jelte to the US at the start of 2022 and brought him to his new home at Gilded Oak Farm. We are now looking forward to his foals that will be born this spring. We will continue to offer Jelte via fresh, cooled semen. In 2024 we hope to welcome our own Jelte foal as we just obtained our first mare. Jelte recently earned more than 73% at his first dressage show at the Kentucky Horse Park in Lexington and our plan is to continue showing him in dressage.
